

Offshore Intelligence Network

Offshore Intelligence Network (OIN) is the leading online offshore intelligence tool, covering all offshore markets.

14,000
Mobile
Offshore
Units

Based on the format of Shipping Intelligence Network, OIN is a powerful intelligence tool covering fleet, fields, analysis and mapping.

- 1 Authoritative and comprehensive data on the fleet, rigs, owners, yards, stacking, demolition, fields and projects from Clarksons' proprietary offshore and energy database.
- 2 Insightful analysis reports covering OSVs, Rigs, FPSOs and regional production trends.
- 3 Time-series of rates, prices, utilisation and production.
- 4 Mapping of all offshore rigs and fields, plus transit into Clarksons SeaNet, the leading online ship tracking system.

Offshore Intelligence Network

What you can expect from Offshore Intelligence Network...

Offshore Intelligence Network provides quick downloadable reference lists and easy searches for every vessel, rig, yard, owner, field, project and operator on the Clarksons database. Reports, graphs and time-series provide important insight.

A key tool for vessel owners, drilling contractors, financiers and operators, OIN is also available as a Rig only or OSV only option.
